

JOSH MANDEL

STATE TREASURER OF OHIO

The online course you are about to watch was recorded on July 30, 2012. Please note, some of the information contained in this course video has changed. Effective September 29, 2013, STAR Plus has been added to the list of investment options that allow a public funds manager to file an Annual Notice of Exemption from the continuing education requirement found in Ohio Revised Code 135.22. Therefore, if you only invest in STAR Plus (or one of the other investments listed in ORC 135.22), you do NOT need to earn the annual 6.0 hours of education through CPIM. If you have any questions, please call (614) 728-4236.
