

Central Ohio AGA-State of Ohio School Construction Program and Infrastructure Financing
Course Description Quick Guide

Course Name	Course Description
<p>State of Ohio School Construction Program and Infrastructure Financing</p> <p>David Chovan, Chief Operating Officer, Ohio Facilities Construction Commission</p>	<p>State of Ohio School Construction Program – This session will provide information about the Ohio Facilities Construction Commission and their work. Specifically, this session will look at the Ohio School Construction Program, including its background, funding, current status, and challenges facing the program. Also, learn what’s ahead for this program.</p> <p>AGA Webinar: Infrastructure Financing - Local governments play a key role in funding, operating and maintaining infrastructure; however, governments are facing a serious infrastructure deficit and are struggling to find new ways to finance the needed expansions, upgrades and repairs. Meeting the infrastructure financing challenge has emerged as one of the most urgent issues facing the country. To bridge the financing gaps, local governments have turned to creative ways of financing public infrastructure investments. In this session we describe the range of local infrastructure financing mechanisms currently in use. Then we describe recent innovations in local infrastructure financing and illustrate these new options. We will encourage the audience to share their innovations. We also engage the audience in discussing some of the challenges in implementing these new alternatives.</p>
