HOW DOES IT WORK?

1. After the loan officer submits the online Ag-LINK application on behalf of the applicant, the Ohio Treasurer’s office begins the review process.

2. If all eligibility criteria are met, the application is approved and scored based on the applicant details.

3. Upon request, the Ohio Treasurer’s office will purchase an investment for the same amount as the loan at a below market rate.

4. The financial institution uses the interest generated to offset the interest rate reduction.
