

Hot Topics in Debt Course Description Quick Guide

Course Name	Course Description
<p>Hot Topics in Debt Andrew Laskey, Vice President, RBC Capital Markets, Marc Kamer, Legal Counsel, Dinsmore & Shohl LLP</p>	<p>In general, 2022 has been a volatile time in the capital markets. The municipal debt market has been no exception. This presentation will discuss the major themes impacting the debt capital markets, including sustained elevated levels of inflation, increases in the federal funds rate, and foreign conflict. Presenters will provide an update on taxable refundings, forward delivery refundings, and direct loans. Finally, we will provide updates related to the credit rating process and recently proposed methodology changes. <u>REGISTER HERE</u>After registering, you will receive a confirmation email containing information about joining the webinar.</p> <p>By registering for this course, your contact information may be shared with course presenters, upon their request, for purposes of post-session follow-up and correspondence in compliance with the Ohio Public Records Act. See O.R.C. 149.43.</p>
