

OASBO Ohio Valley Chapter Meeting Course Description Quick Guide

Course Name	Course Description
ODE Update - State Funding Update Aaron Rausch, Director of Budget and School Funding, Ohio Department of Education	This course will provide attendees an update on the state general revenue fund trends and projections, FY22 funding levels, education policy changes proposed in the budget, and updates on allocations of federal emergency relief funds. The course will provide attendees with knowledge timely and relevant updates on state and federal funding. Statement of Accreditation Rationale: This course will provide attendees critical information to make decisions on resource allocation, forecasting, and education policy that impact school district budgets.
Property Values, State Funding and Impact on your Forecast Mike Sobul, Consultant, Frontline Education, Ernie Strawser, Senior Vice President, Frontline Education	This course will cover the high-level changes and forecast for property values in Ohio. This information will then lead to a discussion on the implications for the state's school funding formula. Understanding the impact that property value changes and the state's school funding formula have on the forecast.
Cost Management Strategies in Health Insurance for Public Entities Justin Wiedle, CPA, Employee Benefits Consultant, McGohan/Brabender	This course will provide strategies for cost management related to medical insurance, including: eligibility management, risk management, member cost sharing, and other strategic broker services. Learn about cost management strategies that are driving financial results for our public clients. Understanding what drives costs, and how to manage risk and cost sharing strategies that drive results.
