

Ohio Treasurer's Office
Request for Consulting Services – ResultsOHIO
Respondent Questions and Treasurer's Office Answers
August 25, 2021

Respondent Question	Treasurer's Office Answer
<p>1) Can you share additional information on the Consultant scope of services? Specifically, does the Office anticipate having contracts for other roles working along-side the Consultant?</p>	<p>The Treasurer's office is seeking consulting services for the Foundation for Appalachian Ohio iSEE project at this time. Currently the Treasurer's office contracts with the independent evaluator and outside legal counsel. Please refer to the RFS summary and objectives and section 1.11 relating to contract and SOW.</p>
<p>2) Does the Office anticipate that the proposed performance measurement align with any data governance and infrastructure already in place (within the Treasurer's Office and/or with the University of Cincinnati)?</p>	<p>The Treasurer's office anticipates that the proposed performance metrics will utilize existing data governance and infrastructure already in place, dependent and subject to change through the project partners and independent evaluator.</p>
<p>3) Does the Office anticipate that the Consultant recommend an evaluation approach for the Independent Evaluator (University of Cincinnati)?</p>	<p>The consultant is not required to recommend an evaluation approach. However in working with the independent evaluator it is expected that the consultant's expertise surrounding Pay for Success, specifically ResultsOHIO, will be utilized for assessing metrics with the project, incorporating the same into project agreements.</p>
<p>4) Does the Office anticipate that the Consultant will work with an existing financial model for this multi-year PFS, or design one in collaboration with project partners?</p>	<p>Design one in collaboration with project partners.</p>

<p>5) Does the Office anticipate that the iSEE project implementation begin (immediately) after the 6-9 month engagement with the Consultant? If so, can the project implementation plan incorporate a ramp-up period for contract execution, etc.?</p>	<p>The project implementation and consulting services are expected to begin immediately.</p> <p>The Treasurer’s office will discuss the incorporation of a ramp-up period with the selected consultant during the pre-consulting services phase. Also please see the Supplemental Note to the RFS issued on 25 August 2021.</p>
<p>6) Are there other state contracting requirements (other than the representations and warranties in Exhibit 3 or the Certifications and Prerequisite Qualifications in Section 2) to be mindful of, such as supplier diversity, subcontracting parameters, etc.? If so, are there supplier resource (or other) guides we can review ahead of time?</p>	<p>Exhibit 3 contains the standard terms and conditions that the Treasurer’s Office uses for all of its contracts, which includes all state mandated contracting requirements, most of them mandated by law.</p>
<p>7) While there is no scoring rubric associated with the evaluation criteria, will the Office give equal weight to each of the responses to Section 3? If not, which responses will receive additional weight?</p>	<p>The Treasurer’s office will consider all responses to Section 3.</p>
