STAR State Treasury Asset Reserve

THE PROGRAM

The State Treasury Asset Reserve of Ohio (STAR) allows all Ohio government subdivisions, including counties, cities, school districts, townships, villages, public libraries, fire districts, park and recreation districts, and transportation boards, to invest in a highly-rated public investment pool. The State Treasurer's office acts as an advisor and administrator, managing STAR Ohio's portfolio and working to maximize returns for government subdivisions.

Since 1995 STAR Ohio has maintained Standard & Poor's highest rating of AAAM, a testament to the soundness and security of the fund for a local government investment pool. In fact, in 2011 STAR Ohio again received a AAAM rating from Standard & Poor's even amidst global economic uncertainty and downgrades of 14 other local government investment pools nationwide. STAR Ohio's AAAM rating affirms that the investments of Ohio school districts and local governments remain safe and secure in this top-rated fund, while generally earning higher yields than comparable investment options.

Pooling investments through STAR Ohio provides a powerful resource for government subdivisions. STAR Ohio offers increased earning power of a sizable pool. This program allows public fund managers, regardless of size, to pool their investments enabling all participants equal buying power and the ability to receive the same rate of return on their investment.
