ResultsOHIO

NEWS & UPDATES *from the office of the Ohio Treasurer*

ResultsOhio is “Open for Business”

Last month, the Treasurer’s office released a [Notice of Application](#) for Pay for Success (PFS) projects to be screened and evaluated through ResultsOHIO.

Established and administered by Ohio Treasurer Robert Sprague, ResultsOHIO provides an infrastructure and application process for assessing prospective PFS projects and shepherding their eventual launch and implementation.

“By focusing our attention on outcomes and results-based proposals, we can change the way government tackles these problems” said Treasurer Sprague. “Through the ResultsOHIO initiative, your cutting-edge idea can garner the attention and support it needs to take shape and make an impact in our state.”

The ResultsOHIO application is not an application for funding, but rather the first step for projects interested in pursuing a Pay for Success project. The application evaluates whether a project would be a good fit for the PFS project delivery and financing structure. Projects determined to be “Pay for Success Appropriate and Ready” will be issued a ResultsOHIO “Feasibility Report” which contains an analysis of the project from the Treasurer’s office that can be utilized to advocate for funding.

The application is intended for projects that can demonstrate measurable outcomes. While there is no specific policy area, Pay for Success projects typically address issues in the areas of health and human

services, criminal justice, water quality, workforce development, and education.

Applications are due by Friday, November 20th, 2020 at 3:00PM.

Those interested in submitting an application should visit the ResultsOHIO website to review the Frequently Asked Questions and complete the inquiry form to request an application. Questions can be submitted to ResultsOhio@tos.ohio.gov.
